

## SELECTION RESULTS FOR CALL FOR APPLICATIONS FOR STAFF AND PHD 2020 - 2021

1. Candidates are asked to bear in mind that onsite teaching in Spanish universities might not resume in September. In any case, international mobility will be subject to the regulations and restrictions made by the Spanish (for incoming staff and students) and authorities of other countries (for outgoing staff and students) in relation to Covid-19 pandemic. In addition, all mobilities will be bound to the instructions and recommendations by global and national health institutions, as well as to the continuity measures and conditions set by the Erasmus programme.

2. Selected candidates will be contacted by email as and when the sending and receiving universities will be ready to resume mobility. If a selected candidate rejects the grant, candidates on the reserve list will be contacted, also by email, and offered a place. The reserve number indicates the order in which available grants will be offered.

### INDONESIA

Indonesia: given that there were 2 unused grants in the PhD category, the Selection Committee decided to use them to fund additional mobilities in the STAFF IN category.
