

SELECTION RESULTS FOR CALL FOR BACHELOR AND MASTER APPLICATIONS FOR 2020 - 2021 ACADEMIC YEAR

1. Selected candidates are asked to bear in mind that onsite teaching in Spanish universities might not resume in September. In any case, international mobility will be subject to the regulations and restrictions made by Spanish (for incoming students) and Russian authorities (for outgoing Spanish students) in relation to Covid-19 pandemic. In addition, all mobilities will be bound to the instructions and recommendations by global and national health institutions, as well as to the continuity measures and conditions set by the Erasmus programme.

2. Selected candidates will be contacted by email as and when the sending and receiving universities will be ready to resume mobility. If a selected candidate rejects the grant, candidates on the reserve list will be contacted, also by email, and offered a place. The reserve number indicates the order in which available grants will be offered.

3. Reserve candidates should note that their acceptance will be conditional on the agreement of the receiving faculty to host their mobility. This will be checked as and when the reserve candidate is called upon.

4. Those candidates that have already received Erasmus+ grant for the same study cycle in which they currently are, are given lower priority and therefore are placed at the end of reserve list even if their global score is higher than that of other candidates.
