

RESOLUTION

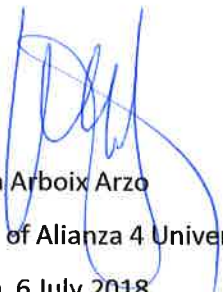

Erasmus+ Project 2017 mobility funds for Iran

I, the President of Alianza 4 Universidades, in the light of the fact that Samaneh Shabani, a PhD candidate from the University of Tehran selected for mobility to Universidad Carlos III de Madrid, has special needs and is eligible for an Erasmus+ special needs grant before the Spanish National Agency for the Internationalisation of Higher Education (SEPIE), resolve as follows:

- To move the mobility of Samaneh Shabani, selected under A4U Erasmus+ project 2017, to A4U Erasmus+ project 2018. This will enable A4U to apply for an Erasmus+ special needs grant, which is available to candidates selected under project 2018 but not to candidates selected under project 2017.

The dates of Samaneh Shabani's mobility are from 1 September 2018 till 31 January 2019, a period which falls within the scope of both project 2017 and project 2018.

- To award project 2017 funds for Iran freed up by this move to reserve candidate 1 Massoud Hemmasian Etefagh, a PhD student from Amirkabir University of Technology selected for mobility to Universidad Carlos III de Madrid.

Margarita Arboix Arzo
President of Alianza 4 Universidades
