ERASMUS+ INTERNATIONAL CREDIT MOBILITY PROGRAMME CALL FOR APPLICATIONS FOR PHD STUDENTS AND STAFF MOBILITY BETWEEN A4U UNIVERSITIES AND PARTNER UNIVERSITIES IN BOTSWANA AND NAMIBIA

1. Purpose of the Call

Alliance of 4 Universities (A4U) is a strategic partnership of four Spanish public universities: Universitat Autònoma de Barcelona, Universidad Autónoma de Madrid, Universidad Carlos III de Madrid, and Universitat Pompeu Fabra in Barcelona. One of the objectives of A4U internationalization strategy is to promote mobility with leading universities in non-European countries.

A4U has been awarded funds under Erasmus+ International Credit Mobility Programme, which enables PhD students and staff from A4U and its partner universities to go on exchange.

The main objectives of the mobilities are:

- To offer training, research and study development opportunities to PhD students and staff at participating universities.
- To support PhD students and staff achieve sustained improvements in knowledge, teaching and research skills.
- To forge and deepen lasting links between A4U universities and its partner universities thus enhancing transnational academic cooperation.
- To improve participants' language and cultural skills, promoting mutual enrichment and understanding.

Mobilities announced in this call can be carried out during the period of academic activity at the host university, and should end by 31 July 2023.

2. General conditions

The call is open to all subject areas. Applicants must check that the requested mobility proposal matches the offer available at the host university.

The mobility grant consists of a travel allowance and a monthly/daily subsistence allowance according to the flat rates determined by the Erasmus+ Programme. The grant is a **contribution** towards the costs of the planned Erasmus+ mobility period¹.

The beneficiaries are free to make travel and accommodation arrangements that best suit their needs. <u>Important:</u> beneficiaries need to advance their own funds for booking flights and accommodation since the mobility grant will be paid only once their stay begins (see procedures for grants payment in section 10). It is highly advisable to make bookings (flights, accommodation etc.) on conditions that allow full reimbursement in case of cancellation of travel.

¹ As a guideline, the average monthly living expenses in Madrid or Barcelona are 600€ for accommodation in student residence (an apartment shared with other students might be cheaper) and €250-350 for food.

An Interinstitutional Agreement between the home and the host universities must be signed before the start of the mobility.

3. PhD mobility

The mobility period for PhD students is from 3 to 5 months. During their stay PhD students should engage in research towards their doctoral thesis.

The mobility can be conducted onsite, online or in a blended mode. The grant will be paid in case the mobility comprises an onsite stay of a minimum of 3 months.

4. Staff mobility

The mobility period for staff is 5 days with 2 days for travel, covering 7 days in total.

Staff mobility can be for teaching, training, or both. Teaching and administrative staff can apply, with priority being given to the former.

- During mobility for *teaching*, staff should deliver at least 8 hours of teaching.
- During mobility for <u>training</u>, staff should receive training, engaging in professional development activities such as training events (excluding conferences), job shadowing, or observation periods at the receiving institution.
- Mobility can also be for <u>teaching and training</u>. In this case, the minimum number of hours of teaching is 4 hours per week.

Staff mobility can be conducted onsite, in which case the grant will be paid, or online, in which case grant will not be paid as there will be no travel expenses involved.

5. Eligibility requisites

To be eligible, applicants must fulfill the following general conditions:

- To take responsibility for performing the mobility during 2022-2023 academic year during the period of academic activity based on the academic calendar at the host university, and end the mobility by 31 July 2023.
- To submit all the required documents by the application deadline. Getting a learning/mobility agreement signed takes time, so applicants are strongly advised to start preparing their application as early as possible and to submit it well before the deadline so that there is time to check it and to make sure it is complete.

-

-

- If the planned mobility activities are to be conducted in a language that is not the native language of the applicant, to have an appropriate level of the language of instruction, B2 being the minimum level. Please refer to your home institution, which will confirm whether you have the required level.

Specific requisites for PhD students:

- To be enrolled at their home institution at the time of application and during the mobility.

Specific requisites for staff:

- Have a contractual relationship with their home institution at the time of application and during the mobility.
- **For staff going from Spain abroad:** associate members of staff (professor asociado) are not eligible to apply.

Lower priority will be given to applicants (both PhD students and staff) who have received mobility grants under Erasmus Mundus consortia, Erasmus Mundus Joint Master degrees or Erasmus+International Credit Mobility (KA107) Programme.

For PhD applicants who received Erasmus grants, mobility under this call will count towards the maximum of 12 months allowed per study cycle.

6. Application process
